Dear Jack
I trust this email finds you well.
Following our meeting in SF I've approached the Chinese Group of which I've talked to you during the lunch.
They are interested in the project and ready to send a professional team to look into it.
Before I formally introduce the Consortium to you may I kindly ask you to sign the attached Finder's Fee Agreement , scan it and recent it to me.
It basically
put into legal language our understanding re my compensation in case a deal is struck.
If you want me to countersign it I will surely do.
Best regards to Celeste from Nili as well.
Looking forward
Yours
Ehud Barak
